775 || **Varner** ‘El Camino Vineyard,’ Santa Barbara County, California, 2014 65

In, 1980, twin brothers Jim and Bob Varner began their labor of love when they planted Spring Ridge Vineyards in Portola Valley in the northern part of the Santa Cruz Mountain appellation. Bob works in the rows during each harvest, insuring that sorting is done at the vine rather than at the winery. The wine is treated as naturally as possible, using indigenous yeast and malolactic bacteria from the vineyard. The results are without parallel, a stunning unfiltered Chardonnay that shows impeccable balance.

1415 Jean-Philippe Fichet Burgundy, 2014	65
--	----

More than any of his peers, Fichet is testing the limits of transparency, to find the very soul of Burgundy's terroirs. Jean-Philippe's 'below the radar' status is likely to soon change, as terroir-driven Meursaults are now reaching a broader audience of top collectors and restaurants. Fichet's style most closely resembles Roulot's, with riveting focus, purity, delineation, and incredible transparency.

1472 || **Domaine des Huards** ‘Romo,’ Cour-Cheverny, Loire Valley, 2015 45

Produced from only biodynamic and organic grapes, Huard’s Romo is comprised of 100% Romorantin. Found only in the Loire Valley region of France, this grape is the closest relative of Chardonnay. A mineral forward wine that handles spice and white meats very well. Stone fruit and white floral notes round out this well balanced wine.

1515 || **Santa Margherita** Pinot Grigio, Trentino-Alto Adige, 2017 69

1525 || **Collestezano** Verdicchio di Matelica, Marche, 2015 41

The Matelica zone is further inland and at a higher elevation than the more common Verdicchio di Castelli di Jesi. Matelica wines tend to be brighter and more elegant whereas the Castelli di Jesi wines often have a little more fruit and heft. Collestezano is textbook for the Matelica style—bright and crisp with floral notes and a hint of pine.

1620 || **Blue Rock** 'Baby Blue,' Alexander Valley, California, 2015 60

1622 || **Captûre** 'Alliance,' Alexander Valley, California, 2010 150

Established in 2008, Captûre Wines is inspired by California's frontier spirit while staying true to time-honored French winemaking traditions. Their origins are in steep, remote terroir of the Mayacamas and Vaca mountain ranges. In less than ten years they are turning out some of the most intriguing California cabernets we've seen.

1652 || **Anwilka** Blend, Stellenbosch, South Africa, 2013 105

1654 || **Vilafonte** 'Series M' Blend, Paarl, South Africa, 2014 138

Series M takes its name from the Malbec and Merlot which predominantly define the style of this wine. Malbec provides its black fruit aromas and fleshy texture, Merlot adds softness and red fruit aromas, and Cabernet Sauvignon provides structure. Seamlessly made: their aesthetic is New World and, especially in the late vintages, they embody the technological perfection associated with truly modern wine making.

1845 Larkmead Napa, California, 2013	275
--	-----

Larkmead is one of the oldest, family-owned grape-growing estates in Napa Valley. Originally established in 1895, the estate is now under the stewardship of proprietors Cam Baker and Kate Solari Baker. This wine, created through blending a mix of young and old vines, is an attempt to imitate Solari—their flagship—and shows much of the depth, richness and drinkability at a fraction of the price.

Yes, Virginia. And yes, nebbiolo. And simply put, it is the best expression of this grape outside of Barolo and should be on your radar because it is delicious.

------	--	--	----

When I visited the Domaine last year and sat down with Pascal and his family for dinner, this wine was the standout amongst grand cru and much more expensive bottlings. Drinking well above its price point this is classically structure Burgundy that consistently over delivers from this extraordinary family Domaine.

3520 Ψ Ribera del Duero, 2016	72
---	----

Having established Pingus as a new benchmark for greatness in Spanish wine, Peter Sisseck has embarked on a new quest: to produce a wine that captures the soul of Ribera del Duero. He intends to do so by harnessing the passion of the region’s growers who have, for far too long, lacked the tools, capital and vision to make wine that is truly “theirs.” And thus Ψ PSI was born. The early wines are subtle, delicate, and as compelling as anything seen in modern Spain.
